[The Penguin Dictionary of Psychology \(Penguin Reference ...](#)

A crucial but highly contentious concept in international relations. Its literal meaning is 'absence of government' but it is often used as a

synonym for disorder, disarray, confusion or chaos. In its formal sense, it designates the lack of a central authority. As such it is manifestly a feature of the international system and it defines

Penguin Dictionary of Sociology reflected a post-war British society that was relatively stable and which had benefited from the growth of higher education during post-war reconstruction. The dictionary therefore initially reflected a set of concerns about the distribution of resources in a welfare state in which inequality was
