Some observers of Indian politics, economic development, and social change since Independence argue that it is not state policies, the complexities of building political power in India, or the centralizing drives of Mrs. Gandhi which are principally responsible for the political disintegration and economic failures of the past twenty years.

Introduction - The Politics of India since Independence

Party politics in India display numerous paradoxical features, which reveal the blending of Western and modern forms of bureaucratic organization and participatory politics with indigenous practices and institutions. India's leading political party, the Indian National Congress, is one of the oldest in the world, yet it has not succeeded in providing the nucleus for an institutionalized party system which can be fitted easily into any one of the conventional categories of party systems known ...

The Politics of India since Independence - Cambridge Core

The Politics of India works within the framework of the country's constitution. India is a parliamentary secular democratic republic in which the President of India is the head of state and the Prime Minister of India is the head of government. It is based on the federal structure of government although the word is not used in the constitution itself. India follows the dual polity system, i.e. a double government that consists of the central authority at the centre and states at the periphery. T
