The Practice of Everyday Life is a tribute to the ingenuity of the everyday person. It's a set of essays, and should be read this way (he seems to contradict himself - at time a structuralist and at other time a post-structuralist). He describe contemporary societies as transforming from verbal to visual.

Michel de Certeau|historian, cofounder of Ecole Freudienne de Paris, and Jesuit priest|wrote The Practice of Everyday Life in 1980, turning his attention to popular culture, particularly the ways in which the quotidian practice of living resists the totalizing force of discourse. In a way, this work is a response to Foucault's thesis of a panoptic, disciplinary society that taxonomizes the human individual or culture as a subject of study.

Everyday practices are to be foregrounded and articulated. This is not an analysis of individuals, since social relations are always involved: indeed, the 'individual' is but a plurality of these relations. For that matter, culture is best understood as 'systems of organizational combination' (xi).
