carefully planned interventions. The individual engaged in this pursuit is known as an architectural conservator-restorer. Decisions of when and how to engage in an intervention are critical to the ultimate conservation-restoration of cultural heritage. Ultimately, the decision is value based: a combination of artistic, contextual, and informat

The Preservation of Historic Architecture: The U.S.

Historic preservation is a movement in planning designed to conserve old buildings and areas in an effort to tie a place's history to its population and culture. It is also an essential component of green building in that it reuses structures that are already present as opposed to new construction.

An Overview of Historic Preservation

Guidelines For Preserving
Historic Homes

Historic preservation is the practice of protecting and preserving sites, structures or districts which reflect elements of local or national cultural, social, economic, political, archaeological or architectural history. Today, we primarily associate historic preservation with buildings, but it is a broader effort that began mainly in museums.

Introduction to Historic Building Preservation

The Society for the Protection of Ancient Buildings We believe old buildings have a future. From cottages to castles and from churches to cathedrals we are here to help buildings and the people who care for them. Based
