Surveillance Capitalism - Harvard

Business Review

Surveillance capitalism is a novel economic mutation bred from the clandestine coupling of the vast powers of the digital with the radical indifference and intrinsic narcissism of the financial capitalism and its neoliberal vision that have dominated commerce for at least three decades, especially in the Anglo economies.

Capitalism has been hijacked by a lucrative surveillance project that subverts the "normal" evolutionary mechanisms associated with its historical success and corrupts the unity of supply and demand that has for centuries, however imperfectly, tethered capitalism to the genuine needs of its populations and societies, thus enabling the fruitful expansion of market democracy.

The Secrets of Surveillance Capitalism by Shoshana Zuboff ...

With her impressive seminal work, *The Age of Surveillance Capitalism: The Fight for a Human Future at the New Frontier of Power*, published earlier this year, Harvard professor Shoshana Zuboff is asking for nothing less than a "rebirth of astonishment and outrage" to reestablish our bearings in the digital age.
