The Twentieth

The Twentieth Century and Beyond The last hundred and fifty years have brought significant changes in the size and composition of all four Inns of Court. The membership was widened to include law students from every corner of the empire, and (after 1919) women; the first woman barrister (Ivy Williams) was

The Twentieth

A compelling history of science from 1900 to the present day, this is the first book to survey modern developments in science during a century of unprecedented change, conflict and uncertainty. The scope is global. Science's claim to access universal truths about the natural world made it an irresistible resource for
