My TomTom GO 5200 has the same fault as user eshustrov. It does not show any maps in the download menu section. The only map on the device was a very old version of Europe map (v975). Also the message appears, that my device is 'up-to-date' , but of course it is not. And after trying and trying I ended up with no maps at all and now and the device is stuck at the 'install map' menu while there ...
