Ethical and biodynamic gardening is probably something you've heard of. You may even think it means planting by the light of the moon (it doesn't.) Matt Jackson's book is very useful - even if you only want to pick up a few bio-dynamic or organic tips when growing your vegetables. It's a good practical gardening book with lots of excellent advice.

This is a high-yielder and buds are greasy, chunky and dense with a heavy dusting of trichomes. 9. Critical Mass CBD. Another high yielder with CBD:THC ratios varying between 1:1 and 2:1. After 8 weeks, Critical mass will produce dense, top-heavy flowers that will probably need some support or they will topple.
