~~Trip Circuit
Supervision
Relay Explained
in detail~~

The trip circuit
supervision
relay SPER 1B1
C4 is used for
supervising
important

File Type PDF

Trip Circuit

control circuits such as circuit-breaker and disconnect control circuits and signalling circuits in power electrical installations. Generally one supervision relay is needed per circuit to be supervised.

File Type PDF

Trip Circuit

If several branches of a circuit are to be supervised, the required number of relays can be connected to the same control circuit.
