Under a Falling Star is a common trope where two women meet, get on remarkably well, only to discover that they work together and one of them is the boss. What makes this different is the writing and the characters.

Under a Falling Star is a bit hard for me to review. Why you ask? Because I loved so many things about it. It is hard to decide where to start. This is a great love story.
Dee and Austen are both
quite a couple of chracters,
who fall for each other from
beginning. They bring out
the best of each other and
have this roller coaster of
a ride getting to be
together. Great read.
