Don't but the 10th edition of this book. It's full of errors and so far the publishers have not produced an errata. For the the amount of money the book costs its discussing which is a real shame as the authors writing style is great and pictures and illustrations are very good. Buy the 9th edition if you can get it.

Universe has been published in ten editions and I was looking for and 8th or 9th edition, which date back to the last five years or so. This one was advertised as an 8th edition and I duly snapped it up. Turns out it is a 2nd edition, dating from 1992. I decided to keep it and pass it onto a friend.
