The Filter & Search tab allows you to slice and dice your team's collection of codemarks and feature requests however you see fit. By default, you'll get a view of any open issues or feature requests assigned to you, followed by all open issues and feature requests. Hover over any codemark or feature request in the list to get more details.

Filter and Search - User Guide - User Guide

A user guide, also commonly called a technical communication document or manual, is intended to give assistance to people using a particular system. It is usually written by a technical writer, although user guides are written by programmers, product or project managers, or other technical staff, particularly in smaller companies. User guides are most commonly associated with electronic goods, computer hardware and software, although they can be written for any product. Most user guides contain
