The "Vampire Academy Ultimate
Guide" was far off from what the
description says. It certainly isn't an
adults book, unless ofcourse you are a
collector and simply must have it next
to your VA series. In the first half of the
book, there is an explanotary narration
which pretty much sums up the entire
series in 221 pages or so.

Parents need to know that Vampire Academy is an action/comedy based on the bestselling young adult novels by Richelle Mead. It contains plenty of Buffy the Vampire Slayer -style martial arts fighting and monsters, plus a generous amount of blood, even if it's not overly gory. Some dead animals are shown (but obviously not harmed in real life).
