What is a course in life sciences? A course in life sciences can have one of many areas of focus. From horticulture and agriculture to plant protection and bio-resources, students learn how the environment, both natural and man-made, affect life on a micro and macro scale. Courses are available as single classes or as part

Life - Life - The origin
of life: Perhaps the most

Download Free View Online Life

fundamental and at the same time the least understood biological problem is the origin of life. It is central to many scientific and philosophical problems and to any consideration of extraterrestrial life. Most of the hypotheses of the origin of life will fall into one of four categories: Hypothesis 1, the traditional
