[About the VARK Strategies Questionnaire | VARK](#)

VAR K Learning Styles. The acronym "VAR K" is used to describe four modalities of student learning that were described in a 1992 study by Neil D. Fleming and Coleen E. Mills. 1 These different learning styles—visual, auditory, reading/writing and kinesthetic—were identified after thousands of hours of classroom observation. The authors also created an accompanying questionnaire for educators to give to students to help them identify and understand their own learning preferences.

[4 Different Learning Styles You Should Know: The VARK Model](#)

The VARK model of learning styles suggests that there are four main types of learners: visual, auditory, reading/writing, and kinesthetic. The idea that students learn best when teaching methods and school activities match their learning styles, strengths, and preferences grew in popularity in the 1970s and 1980s.
