850 Engine Tuning Mods. The following modifications are usually performed by our members, decide how far you want to go before you begin. Getting the right mods for your planned usage of the car is vital. Stage 3 (competition) mods just don't work well on the road. Stage 1 mods: Exhaust, Panel air filter, Remap, lighter flywheel

*Tuning the 850 for more bhp power and 850 performance increase*

Handling modifications are usually your first port of call for the 850. We suggest that you fit uprated suspension and lower the car by 30-35mm. Larger drops require arch work - especially on models already equipped with sports suspension. Our aim in 850 engine tuning should be to increase peak power and Torque at the top end.
