What The Plus Google For

Google+ (pronounced and sometimes written as Google Plus; sometimes called G+) was a social network owned and operated by Google. The network was launched on June 28, 2011, in an attempt to challenge other social networks, linking other Google products like Google Drive, Blogger and YouTube. The service, Google's fourth foray into social networking, experienced strong growth in its initial years, although usage statistics varied, depending on how the service was defined.

Google+ - Wikipedia

Google Plus (Google+ or just G+) is a social network built over Web 2.0 standards and specification owned and operated by Google Inc. Google Plus is the fourth social product by Google after Google Buzz, Orkut and Google Friend Connect. It was launched in June 2011 and received a lot of hype as a viable competitor to Facebook.

What is Google Plus (Google+)? - Definition from Techopedia

Google Plus (Google+ or just G+) is a Google social networking platform sort of like Facebook and Twitter. Google+ doesn't rely on your existing connections — it helps you make new ones. Google+ features: Circles are like categories for your connections, so that you can share updates selectively with different groups.

What is the use of Google plus? - Quora

Google+ (pronounced Google plus) is a Google social networking platform. The Google+ design team sought to replicate the way people interact offline more closely than is the case in other social networking services, such as Facebook and Twitter. The project's slogan is "Real-life sharing rethought for the web."
