Windows 7

~~Unattended Answer~~ File

Copy the answer file into the image into the

Windows Panther folder, and name it unattend.xml. The Panther folder is one of the folders where Windows searches for an answer file. Create the folder if it doesn't exist. If

Access Free Windows 7

there 's an existing
answer file, replace it
or use Windows
System Image
Manager to
edit/combine
settings if necessary.

WDSClientUnattend
folder.

Answer File

~~Using Unattended
Answer Files with
WDS - Windows 7
Tutorial~~

Windows System
Image Manager is the
tool used to create an
unattended Windows
Setup answer file.

Windows AFG,
however, does not

Access Free Windows 7

need the Windows
Automated
Installation Kit or
Windows Assessment
and Deployment Kit
to be installed or
downloaded.

Windows AFG
provides a simple
web based form that
gives the user
options to configure
the desired answer
file; which is all based

Generator

Instead you receive

"The unattended answer file contains an invalid product key" message thus halting installation.

Let me be clear, the initial Windows 7 installation from the Windows 7 Upgrade

Access Free Windows 7

disc worked perfectly
when upgrading
from Vista.

~~Reinstalling Windows
7 & "The unattend
answer file ...~~

The core setup of
Windows 7 can be
automated by
creating an answer
file, the Unattend.xml
file. The
Unattend.xml for

Access Free Windows 7

Windows 7 (and Vista/2008/2008R2) are divided into sections, or configuration passes. This is because different parts of the setup are reading settings from different passes.

Then right-click the central panel and create a new answer-file.

~~Automated Windows 7 Installation with an Autounattend.xml File~~

Because this answer file is cached, when you run the Sysprep command, the system applies

Access Free Windows 7

settings in the cached answer file. If you use the settings in a different answer file, you can specify a separate

Unattend.xml file by using the Sysprep /unattend:<file_name> option. For more information, see Sysprep Command-Line Options. For more information

Access Free Windows 7

about how to use an implicit answer-file search, see Windows Setup Automation Overview.

~~Use Answer Files with Sysprep | Microsoft Does~~

In a previous post we went through creating and deploying language packs there was an

Access Free Windows 7

additional step to create a Windows 10 answer file, I thought it might be helpful to do a post on creating a basic answer file using Windows System Image Manager (SIM). First step is to install Windows Assessment and deployment kit (ADK).
