### Women’s Bodies, Women’s Wisdom: Creating Physical and ...

The project of feminism is to detach femininity and women’s physical selves from the dominant gaze of another, but this cannot be achieved if each time a female body breaks down it must be assessed and cured under the male purview. Search for a cure. Neuroscientists have found that unconscious bias is ingrained in us from a very early age. And, like everything else, medical training is taught in a way that affirms pre-existing prejudices, regardless of the gender of the trainee.
